Unplug for 5 days and 4 nights

Our world is full of demands and distractions. What would it take for you to “unplug”? This is your chance to get away and to experience God’s presence and hear His voice.

You have a lot of choices and we bet your summer is already packed with exciting events such as soccer camp and family vacation. But, what is more important than your relationship with the Lord? Keystone CFO is a spiritual retreat, full of worship, teaching, meaningful activities, recreation, and quality time with other believers.

CFO is an international, multigenerational, and interdenominational Christian fellowship founded by Dr. Glenn Clark in 1929. Dr. Clark was a college professor, coach, and man of prayer. In 1929, he vacationed on Monhegan Island, which he considered the “farthest out” off the coast of Maine. It was there that the Lord gave him a vision for groups of people to meet together for a week to go “farthest out for God”, to bring their lives back into balance—spiritually, mentally, and physically. The idea was to take time away from telephones, radios, and newspapers—and spend some time in God’s presence. “Farthest Out” became symbolic for going all out to seek God. CFO (Camps Farthest Out) grew into hundreds of “camps” around the world. Rugged camp life has given way to more comfortable living quarters, but CFO is still drawing many people into a deep and meaningful relationship with Christ.

Please no pets, bicycles, skateboards, in-line skates, etc. Also, please refrain from bringing TVs, radios, computers, or tablets.. No smoking or alcohol is permitted on campus.

Air-conditioned dorms offer two single beds. Bed linens, towels, blankets, and pillows are provided. Buildings are handicap accessible. Coin-operated laundry facilities are available.

Keystone CFO will begin with registration from 1-4 PM on Friday, June 21, and conclude after our morning meeting on Tuesday, June 25.
